### **Corona Virus – Update - Impact for our Table Tennis Club**

On this, the longest day of the year, it seems appropriate to provide an update on the longest closure our table tennis club has ever known!

First of all, we would like to thank you for your patience and ongoing support through these unprecedented days. That support is not taken for granted and we hope that in due time we will be able to recognise that loyalty and support once we can get back to activity.

Table Tennis England published their latest update on Friday 19 June, and you can find that from the link below.

In setting out its strategy the UK Government made clear that there would be a staged return to the 'new normal' which would be subject to 5 key tests being met and maintained. It is expected that the next stage of that gradual process will be from 4 July. But we await any Government announcement and confirmation from TTE that a return to indoor play is permitted, within approved guidelines. TTE has already set out its guidance for the Stage 2 return to play, and you can find that from our previous update.

Over the coming days the Club Management Committee will be working hard to ensure that we are ready to re-open as soon as the Government and TTE give the green light.

In the meantime please continue to be patient and stay alert! We will be open and up and running as soon as it is possible to do that safely.

## Ready to Return: The latest news

Following our Ready to Return player survey, we have issued further guidance to our members - and have organised a webinar for clubs and leagues.
